["Grandma CD". Beschreibung.](#)

[Orte und Regione in Russland mit den meisten Geborenen die in "Grandma 5" eingetragen sind.](#)

[Zahl der Geborene in der "Grandma 5" nach Jahren und Länder verteilt.](#)

[Geborene in Russland in der "Grandma 7" nach Regionen und Orte verteilt \(nach Zahlen sortiert\).](#)

Vor Jahren habe ich dieselbe [Liste](#) für "Grandma 5" gemacht. Damals waren es 877 Orts- oder Regionsnamen aus Russland und Sowjetunion in denen 5 oder mehr Personen geboren und in die "Grandma 5" eingetragen sind. In dieser Liste sind es 1.343 Orts- oder Regionsnamen mit 5 und mehr Personen. In "Grandma 7" ist nicht nur die Zahl der erfassten Personen gestiegen. Vielmehr werden diese mit Informationen gefüllt, in diesem Fall mit Geburtsort.

Von den 587 "[Mennonitischen Dörfer in Russland](#)" in Tim Janzens Liste waren über 220 in der [Liste](#) für "Grandma 5" nicht erhalten. Und umgekehrt es waren da 104 Orte die in Tim Janzens Liste fehlten. Es ist offensichtlich das hier die zweite Zahl noch viel grösser ausfallen wird. Und um die erste Zahl zu reduzieren, habe ich in diese alle Orte in Russland (und Sowjetunion) in denen 2 und mehr Personen geboren sind und in "Grandma 7" eingetragen aufgelistet. Es sind 2.279 Orts- und Regionsnamen.

Es gibt einige Änderungen unter den ersten 10. Neuendorf, Chortitza Kolonie hat mit 2.519 Geborene den ehemaligen Spitzenreiter Schoenhorst, ebenfalls Chortitza Kolonie mit 2.360 Geborene vom ersten Platz verdrängt. Einlage (4. Platz: 1.820 Personen) hat Rosental (5. Platz: 1.710 Personen) überholt. Und Osterwick (6. Platz: 1.469 Personen) vor Chortitza (7. Platz: 1.409 Personen).

Nr. 1: Russia; Nr. 2: South Russia; Nr. 6: Chortitza Colony, South Russia; Nr. 35: Kazakhstan usw sind Regionen und keine Orte (diese sind mit grauen Hintergrund markiert), eigentlich ist unbekannt in welchem Ort diese geboren sind. Schwieriger wird z. B. bei "Nr. 11: Karaganda, Kazakhstan" und ähnlichen. Es ist nicht klar ob es die Stadt Karaganda oder Region Karaganda ist, wahrscheinlich trifft hier beides zu.

Diese Tabelle kann, meiner Meinung nach, mindestens teilweise, Antworten auf folgende Fragen geben:

1. Wieviel Mennoniten, die Orten in Russland geboren und in die "Grandma" eingetragen sind.
2. Zeigt einige, nicht mennonitische Orte, in den Mennoniten lebten.
3. Zeigt Orte in den Mennoniten nach dem 2. Weltkrieg und bis der Auswanderung nach Deutschland, in Russland lebten.
